**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Competition is good for consumers and industry alike. Stop monopoly and support local providers who produce jobs and services in rural area. Big telephone companies are seeking deregulation, so they could levy a massive price hike on all broadband customers. Price hikes is not a solution to support business especially big business where they have the advantage over smaller carriers. Local providers are building new fiber networks to bring faster speeds. Competition builds the future!
